Property description

Perched in a stunning location with panoramic views of the Adriatic coastline, Masseria Sabina is a beautifully restored property offering a perfect blend of elegance and comfort. Just a short drive from Ostuni, the Torre Guaceto Nature Reserve, and a variety of sandy beaches, this typical *masseria* provides an idyllic setting for relaxation and exploration. The property features luxurious interiors and a range of spacious outdoor areas, ideal for enjoying meals, socializing, or simply soaking in the surrounding beauty. It's the ultimate place to gather with loved ones and create unforgettable memories.

Masseria Sabina offers a unique and spacious layout, with accommodations spread across two distinct wings: a thoughtfully converted stable and the original farmhouse. Together, they form an elegant L-shape, surrounding a central walled garden that includes lush lawns, terraces, and a stunning pool. The villa has undergone an exquisite restoration, carefully preserving its historic charm while introducing modern touches. The honey-toned stone walls and soaring vaulted ceilings have been lovingly revived, creating an atmosphere that blends timeless beauty with contemporary luxury.

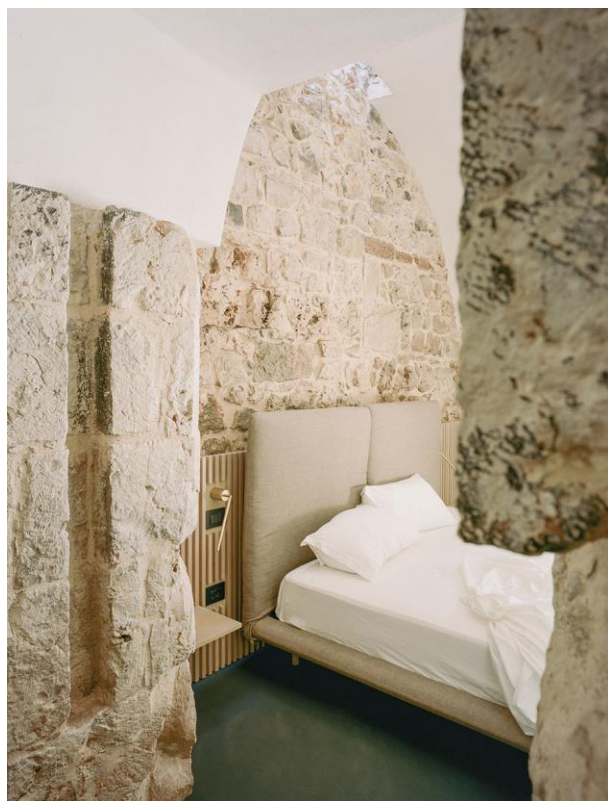

Every nook and cranny has been expertly reimagined, offering guests a harmonious blend of rustic elegance, atmospheric lighting, and sophisticated design. The heart of outdoor living at Masseria Sabina is the central walled garden, which is accessible from most of the ground-floor rooms. Terraces for lounging and sunbathing surround the garden, leading to the magnificent pool, which features infinity edges on three sides.

Masseria Sabina is located in a scenic spot with views of the Adriatic Sea, between Brindisi and the historic town of Carovigno. which, with its ancient Greek origins, offers a rich history, including churches, a 15th-century castle, a charming old town, and a variety of dining and shopping options. Only 20 minutes away from Brindisi Airport and 70 minutes from Bari Airport.
